

Our Mission

Antonio established The Foundation before he died. Amongst his core objectives were the ideas to support hospitality related training and development and to promote a better understanding of food origins and nutrition. In rare circumstances we also support organisations working to feed those in need.

Antonio's vision was to support organisations worldwide with a focus on smaller registered charities in The UK and his home country of Italy.

Applications for up to £15,000 will be considered but typical grants range between £3,000 and £5,000.

Where and how to send

Apply using the grant application form below. The application should be sent, via email, to trustees@theantoniocarlocciofoundation.org.

Our trustees meet four times a year to discuss applications. Occasionally follow up with the applicant is required before the trustees respond fully.
